

CERTIFICATION FAST TRACK PROGRAM

Program Description

The Juniper Networks® Certification Fast Track program is specifically designed for experienced networking professionals who want to become certified in Juniper Networks JUNOS® Software.

Certified networking professionals are now in greater demand than ever, commanding higher salaries and adding more value to high-end enterprises. The Juniper Networks Technical Certification Program certification track allows participants to gain competence with platforms based on Juniper Networks JUNOS Software and their deployment in the enterprise. Begin now and be fast-tracked to become certified in JUNOS in multiple platforms with the Certification Fast Track Program. Be a professional with multiple enterprise certifications and help advance your career in the internetworking field.

To start earning your next JUNOS certification, register at www.juniper.net/fasttrack.

Fast Track Program Process

Step 1: A Juniper Networks account manager or J-Partner gives you, a networking professional, a Juniper Networks Certification Fast Track Web Portal Access Card (either a physical card or an e-mail version). The access card contains the Web address for the Juniper Networks Certification Fast Track Web Portal.

Step 2: Go to the Juniper Networks Certification Fast Track Web Portal (the address is also listed on your card), www.juniper.net/fasttrack.

Step 3: Complete the Login Page, create your User Profile using the Web Portal Access Number on your card (i.e., its ERC0407001 on the picture of this card above), and then continue to the Study Resources page and proceed to the appropriate course materials.

Enterprise Routing

- Take the 90-minute JUNOS as a Second Language online course.
- Review the Operating Juniper Networks Routers in the Enterprise student courseware and lab guides.
- Take the JNCIA-ER pre-assessment exam to receive a voucher to take the JNCIA-ER associate-level exam.
- Take the JNCIA-ER certification exam at any Prometric Testing Center near you at a 50% discount. For more information about the Prometric Testing Centers, please visit www.prometric.com.

- After you pass the JNCIA-ER exam, you have the option of continuing on for an additional specialist level certification. Review the Advanced Juniper Networks Routing in the Enterprise student courseware and lab guides.
- Take the JNCIS-ER pre-assessment exam to receive a voucher to take the JNCIS-ER specialist-level exam.
- Take the JNCIS-ER certification exam at any Prometric Testing Center near you at a 50% discount. For more information about the Prometric Testing Centers, please visit www.prometric.com.

JUNOS Software with Enhanced Services

- Take the 90-minute JUNOS as a Security Language eLearning course.
- Review the Operating Enhanced Services for JUNOS Software courseware and lab guides.
- Take the JNCIS-ES pre-assessment exam to receive a voucher to take the JNCIS-ES specialist-level exam.
- Take the JNCIS-ES certification exam at any Prometric Testing Center near you at a 50% discount. For more information about the Prometric Testing Centers, please visit www.prometric.com.

Enterprise Switching

To earn this certification, re-visit the Juniper Networks Certification Fast Track Web Portal, access the Enterprise Switching tab and follow these steps:

- Take the 110 minute JUNOS as a Switching Language eLearning course
- Review the Operating Juniper Networks Switches in the Enterprise courseware and lab guides.
